

*Newsletter from Nordic Dermatology Association.*

***Dear Friends and Colleagues,***

*Autumn is approaching and summer with its holidays and travels is over. It is almost 6 months ago that we met in Copenhagen for the 35<sup>th</sup> Nordic Congress in Dermato-Venerology. I am sure we all have fond memories of the meeting. The program was excellent and with the narrative structure introduced a whole new type of sessions. We had an excellent congress dinner, and I am sure we all made new friends and met old ones too. In terms of participants, this was the largest NCDV until now with 770 participants, from all the Nordic countries and from all over the world. The congress also produced a large surplus which will be put to work for the NDA.*
