

Nordic Dermatology Association's Scientific Exchange of Young Dermatological Researchers 2025

Nordic Dermatologic Association (NDA) invites young dermatologists, researchers, and medical students from Nordic countries to join NDA's Scientific Exchange of Young Dermatological Researchers 2025.

DATE:

September 18, 2025

This event is a platform for young researchers to showcase their work and network within the Nordic dermatological community. The event is open to all interested, but the program relies on oral presentations of young researchers. Hence, we strongly encourage the submission of abstracts, as they are integral to shaping a robust scientific program.

LOCATION:

Mercure Paris Vaugirard
Porte de Versailles Hotel,
69 boulevard Victor
75015 Paris, France

Selected abstracts will be presented in a 5-minute quick presentation battle, where attendees will vote for the winner, or an 8-minute oral presentation followed by questions. A dinner will follow the academic program.

ABSTRACT SUBMISSION DEADLINE:

June 20, 2025

The event will be held in Paris, after the European Academy of Dermatology and Venereology (EADV) Congress's scientific program.

REGISTRATION DEADLINE

August 1, 2025

Abstract submission guidelines

- Abstracts and presentations must be in English.
- The abstract word limit is max. 250 words.
- Abstracts must contain the following sections: Purpose, Methods, Results, and Conclusions.
- All abbreviations must be defined in first use.
- A scientific committee will review and select the abstract.
- Please state the preferred presentation (quick/oral/indifferent).

For registration and/or abstract submission please email: YoungDermNDA@gmail.com

Due to limited seating, registration is first come, first serve, with a waiting list for extras. Presentations and registration will, if possible, be evenly distributed among the Nordic Countries

Ditte Georgina Zhang, MD
Department of Dermatology
Bispebjerg Hospital
Copenhagen, Denmark
